

**A Special Message For
Potential New
Emergency Services Chaplains**

**From Robby Jernigan
Chaplain, Firefighter, EMT-B**

Thank you for your interest in becoming an emergency services chaplain. You may be just curious about the opportunity, or you may already feel God is leading you in this direction. Whatever your situation, we encourage you to find out all you can about this great ministry opportunity. As an emergency services chaplain, you may decide to serve in the fire service, law enforcement, medical, or emergency communications. Regardless of which specialization you choose, it is our job to assist you in finding a place of service and help equip you for that ministry. It is our hope that you will learn and grow personally, and make a significant impact for the Kingdom of God in a lost world.

Please contact us. We would love to talk with you. If you decide to pursue this ministry, please know that we will be available to answer your questions and encourage you in any way we can. We want to assist you to enter into fellowship with other chaplains with whom you can share the struggles and victories that you will experience.

Also, we have designed a number of training courses especially for you. These training courses include "Getting Started in Emergency Services Chaplaincy" as well as several other courses that will be of great help to you. More information about training can be found on the "Training" page on this website.

**Please prayerfully consider becoming
an emergency services chaplain.**
